► IF VERXY = X, ASK 0. IF VERXY = Y, SKIP TO 1.

0. Problems often come up in life. Sometimes they're personal problems – people are very unhappy, or nervous and irritable all the time. Sometimes there are problems in a marriage -- a husband and wife just can't get along with each other. Or, sometimes it's a personal problem with a child or a job. I'd like to ask you a few questions now about what you think a person might do to handle problems like this.

For instance, let's suppose you had a lot of personal problems and you're very unhappy all the time. Let's suppose you've been that way for a long time, and it isn't getting any better. What do you think you'd do about it?

[John/Mary/Juan/Maria] is a [White/Black/Hispanic] [man/woman], who has completed [the 8th grade/high school/college]. During the last month [John/Mary/Juan/Maria] has started to drink more than [his/her] usual amount of alcohol. In fact, [he/she] has noticed that [he/she] needs to drink twice as much as [he/she] used to to get the same effect. Several times, [he/she] has tried to cut down, or stop drinking, but [he/she] can't. Each time [he/she] has tried to cut down, [he/she] became very agitated, sweaty and [he/she] couldn't sleep, so [he/she] took another drink. [His/Her] family has complained that [he/she] is often hung-over, and has become unreliable – making plans one day, and canceling them the next.

[John/Mary/Juan/Maria] is a [White/Black/Hispanic] [man/woman], who has completed [the 8th grade/high school/college]. For the last two weeks [John/Mary/Juan/Maria] has been feeling really down. [He/She] wakes up in the morning with a flat, heavy feeling that sticks with [him/her] all day long. [He/She] isn't enjoying things the way [he/she] normally would. In fact nothing seems to give [him/her] pleasure. Even when good things happen, they don't seem to make [John/Mary/Juan/Maria] happy. [He/She] pushes on through [his/her] days, but it is really hard. The smallest tasks are difficult to accomplish. [He/She] finds it hard to concentrate on

anything. [He/She] feels out of energy and out of steam. And even though [John/Mary/Juan/Maria] feels tired, when night comes [he/she] can't get to sleep. [John/Mary/Juan/Maria] feels pretty worthless, and very discouraged. [John/Mary/Juan/Maria]'s family has noticed that [he/she] hasn't been [him/her]self for about the last month, and that [he/she] has pulled away from them. [John/Mary/Juan/Maria] just doesn't feel like talking.

[John/Mary/Juan/Maria] is a [White/Black/Hispanic] [man/woman], who has completed [the 8th grade/high school/college]. Up until a year ago, life was pretty okay for [John/Mary/Juan/Maria]. But then, things started to change. [He/She] thought that people around [him/her] were making disapproving comments, and talking behind [his/her] back. [John/Mary/Juan/Maria] was convinced that people were spying on [him/her] and that they could hear what [he/she] was thinking. [John/Mary/Juan/Maria] lost [his/her] drive to participate in [his/her] usual work and family activities and retreated to [his/her] home, eventually spending most of [his/her] day in [his/her] room. [John/Mary/Juan/Maria] became so preoccupied with what [he/she] was thinking that [he/she] skipped meals and stopped bathing regularly. At night, when everyone else was sleeping, [he/she] was walking back and forth in [his/her] room. [John/Mary/Juan/Maria] was hearing voices even though no one else was around. These voices told [him/her] what to do and what to think. [He/She] has been living this way for six months.
