32. Some people think that the government in Washington ought to reduce the income differences between the rich and the poor, perhaps by raising the taxes of wealthy families or by giving income assistance to the poor. Others think that the government should not concern itself with reducing this income difference between the rich and the poor.

EQWLTH

Here is a card with a scale from 1 to 7. Think of a score of 1 as meaning that the government ought to reduce the income differences between rich and poor, and a score of 7 meaning that the government should not concern itself with reducing income differences. What score between 1 and 7 comes closest to the way you feel? (CIRCLE ONE):

Government should do something to reduce income differences between rich and poor

Government should not concern itself with income differences. DON'T KNOW

IF RESPONDENT HESITATES OR CALLS OUT AN ITEM IN BOX B, SAY:

If you're in Box B, we do not need to know which specific type of transportation applies to you. The reason is that, right now, we're focusing on Box A.

In a moment, I am going to show you another card with three boxes. Again, you answer by just picking a box. The question is about immigration, but it does not “zero in” on anything that people might not want to tell us. Here’s the card—which I need to explain before you answer.

SHOWCARD C4

As you can see, Box A at the top shows the immigration card for permanent legal residence in the United States; it is also called a “green card.” It is an official valid card issued to you by the United States government. Box B shows some drawings for U.S. citizen and other immigration categories; I would be happy to explain these if you like. Box C is for categories not listed in A or B.

C4. Thinking of your current immigration status right now, is that in Box A, B, or C? If it’s in Box B, we do not want to know which specific category applies to you, and there will be no more questions about Box B. (IF RESPONDENT ASKS WHY, SAY: Because right now we are focusing on Box A.)

GSS 2004 QUESTIONNAIRE - SECTION D – GENES (SAQ ADMINISTERED)

Now we would like you to complete a brief questionnaire on your own.

Remember that all of your answers are completely confidential. They will not be associated with your name in any way, and will be published in summary form only. If there is a question that you don't want to answer, just hit the **[F7] key**. When you've answered the last question, you'll see a screen that says "Questionnaire Complete" and you can turn the computer back to me.

Do you have any questions?

DOES THE RESPONDENT AGREE TO DO THE SAQ?

Yes

No Skip to Next Section

Most of the questions you answer will require you to select an answer from a list of answers. Use the arrow keys in the lower right-hand corner of the keyboard to highlight the answer you want to select, and press the [Enter] key. This is a practice question for you to get used to using the computer.

Summer is my favorite season.

- (1) ___ Strongly agree
- (2) ___ Agree
- (3) ___ Disagree
- (4) ___ Strongly disagree

On some screens you may need to type your responses

INSTRUCTIONS:

Character, personality, and many types of behavior are influenced both by the genes people inherit from their parents and by what they learn and experience as they grow up. For each of the following descriptions, we would like you to indicate what percent of the person's behavior you believe is influenced by the genes they inherit, and what percent is influenced by their learning and experience and other aspects of their environment.

The boxes on handcard D1 are arranged so that the first box on the LEFT (which is numbered 1) represents 100% genetic influence (and 0% environment). The next box (numbered 2) represents 95% genes (and 5% environment), and so on. The RIGHTMOST box (numbered 21) represents 100% environmental influence (and no genetic influence). *After each description, please type the number of the box that comes closest to your answer.*

When you have finished, return the computer to the interviewer. Your answers are confidential.

Please use the numbered scale on handcard D1 to indicate, FOR EACH OF THE BEHAVIORS DESCRIBED, what percent of the person's behavior you think is influenced by the genes they inherit, and what percent is influenced by their learning and experience. After each question, type the number of the box that comes closest to your answer. Remember, the higher the number, the more you think the behavior is influenced by learning and experience; the lower the number, the more you think it is influenced by genes.

2. I'd like to get your feelings towards groups that are in the news these days. I will use something we call the feeling thermometer, and here is how it works.

SHOW CARD G4

I'll read the name of a group and I'd like you to rate that group using the feeling thermometer. Ratings between 50 degrees and 100 degrees mean that you feel favorable and warm towards the group. Ratings between 0 degrees and 50 degrees mean that you don't feel favorable towards the group and that you don't care too much for that group.

If we come to a group whose name you don't recognize, you don't need to rate that group. Just tell me and we'll move on to the next one.

If you recognize the name, but you don't feel particularly warm or cold towards the group, you would rate the group at the 50 degree mark.
